Treasurer's Report was approved.

Membership reported there are 297 single memberships, 139 family, and 12 juniors for a total of 448 memberships.

A presentation was given by Lynne Carry on the newly revised Captain's Guidelines. Discussion ensued about the need to update these guidelines. We discussed the 9-12:30 timeline and Dan Emmerson reported all teams have been able to finish their matches over the years, regardless of the 12:30 limit. Also, it was suggested no court washing on League days.

Social chair reported our next activity will be on May 6, 2023 from 12:00-4 PM. It will be a round robin format with 8 teams of 4. Signups may be made in the clubhouse or through email.

Premises reported the city had fixed our parking lot lighting. Also, the painting will be completed including the trellises so all the trim matches. The investigation into replacing our court lights with LED lighting will continue.

Upon the death of one of our longtime members, the family would like to have something as a memorial. Kathy will investigate farther to see what might be appropriate.

Kathy Culver is going to invest a portion of our savings in a Certificate of Deposit.

Meeting was adjourned at 2:03 PM.
